DISTRICT OF LOGAN LAKE

STRATEGIC PLAN

DISTRICT OF
Logan Lake
Discover Our Nature

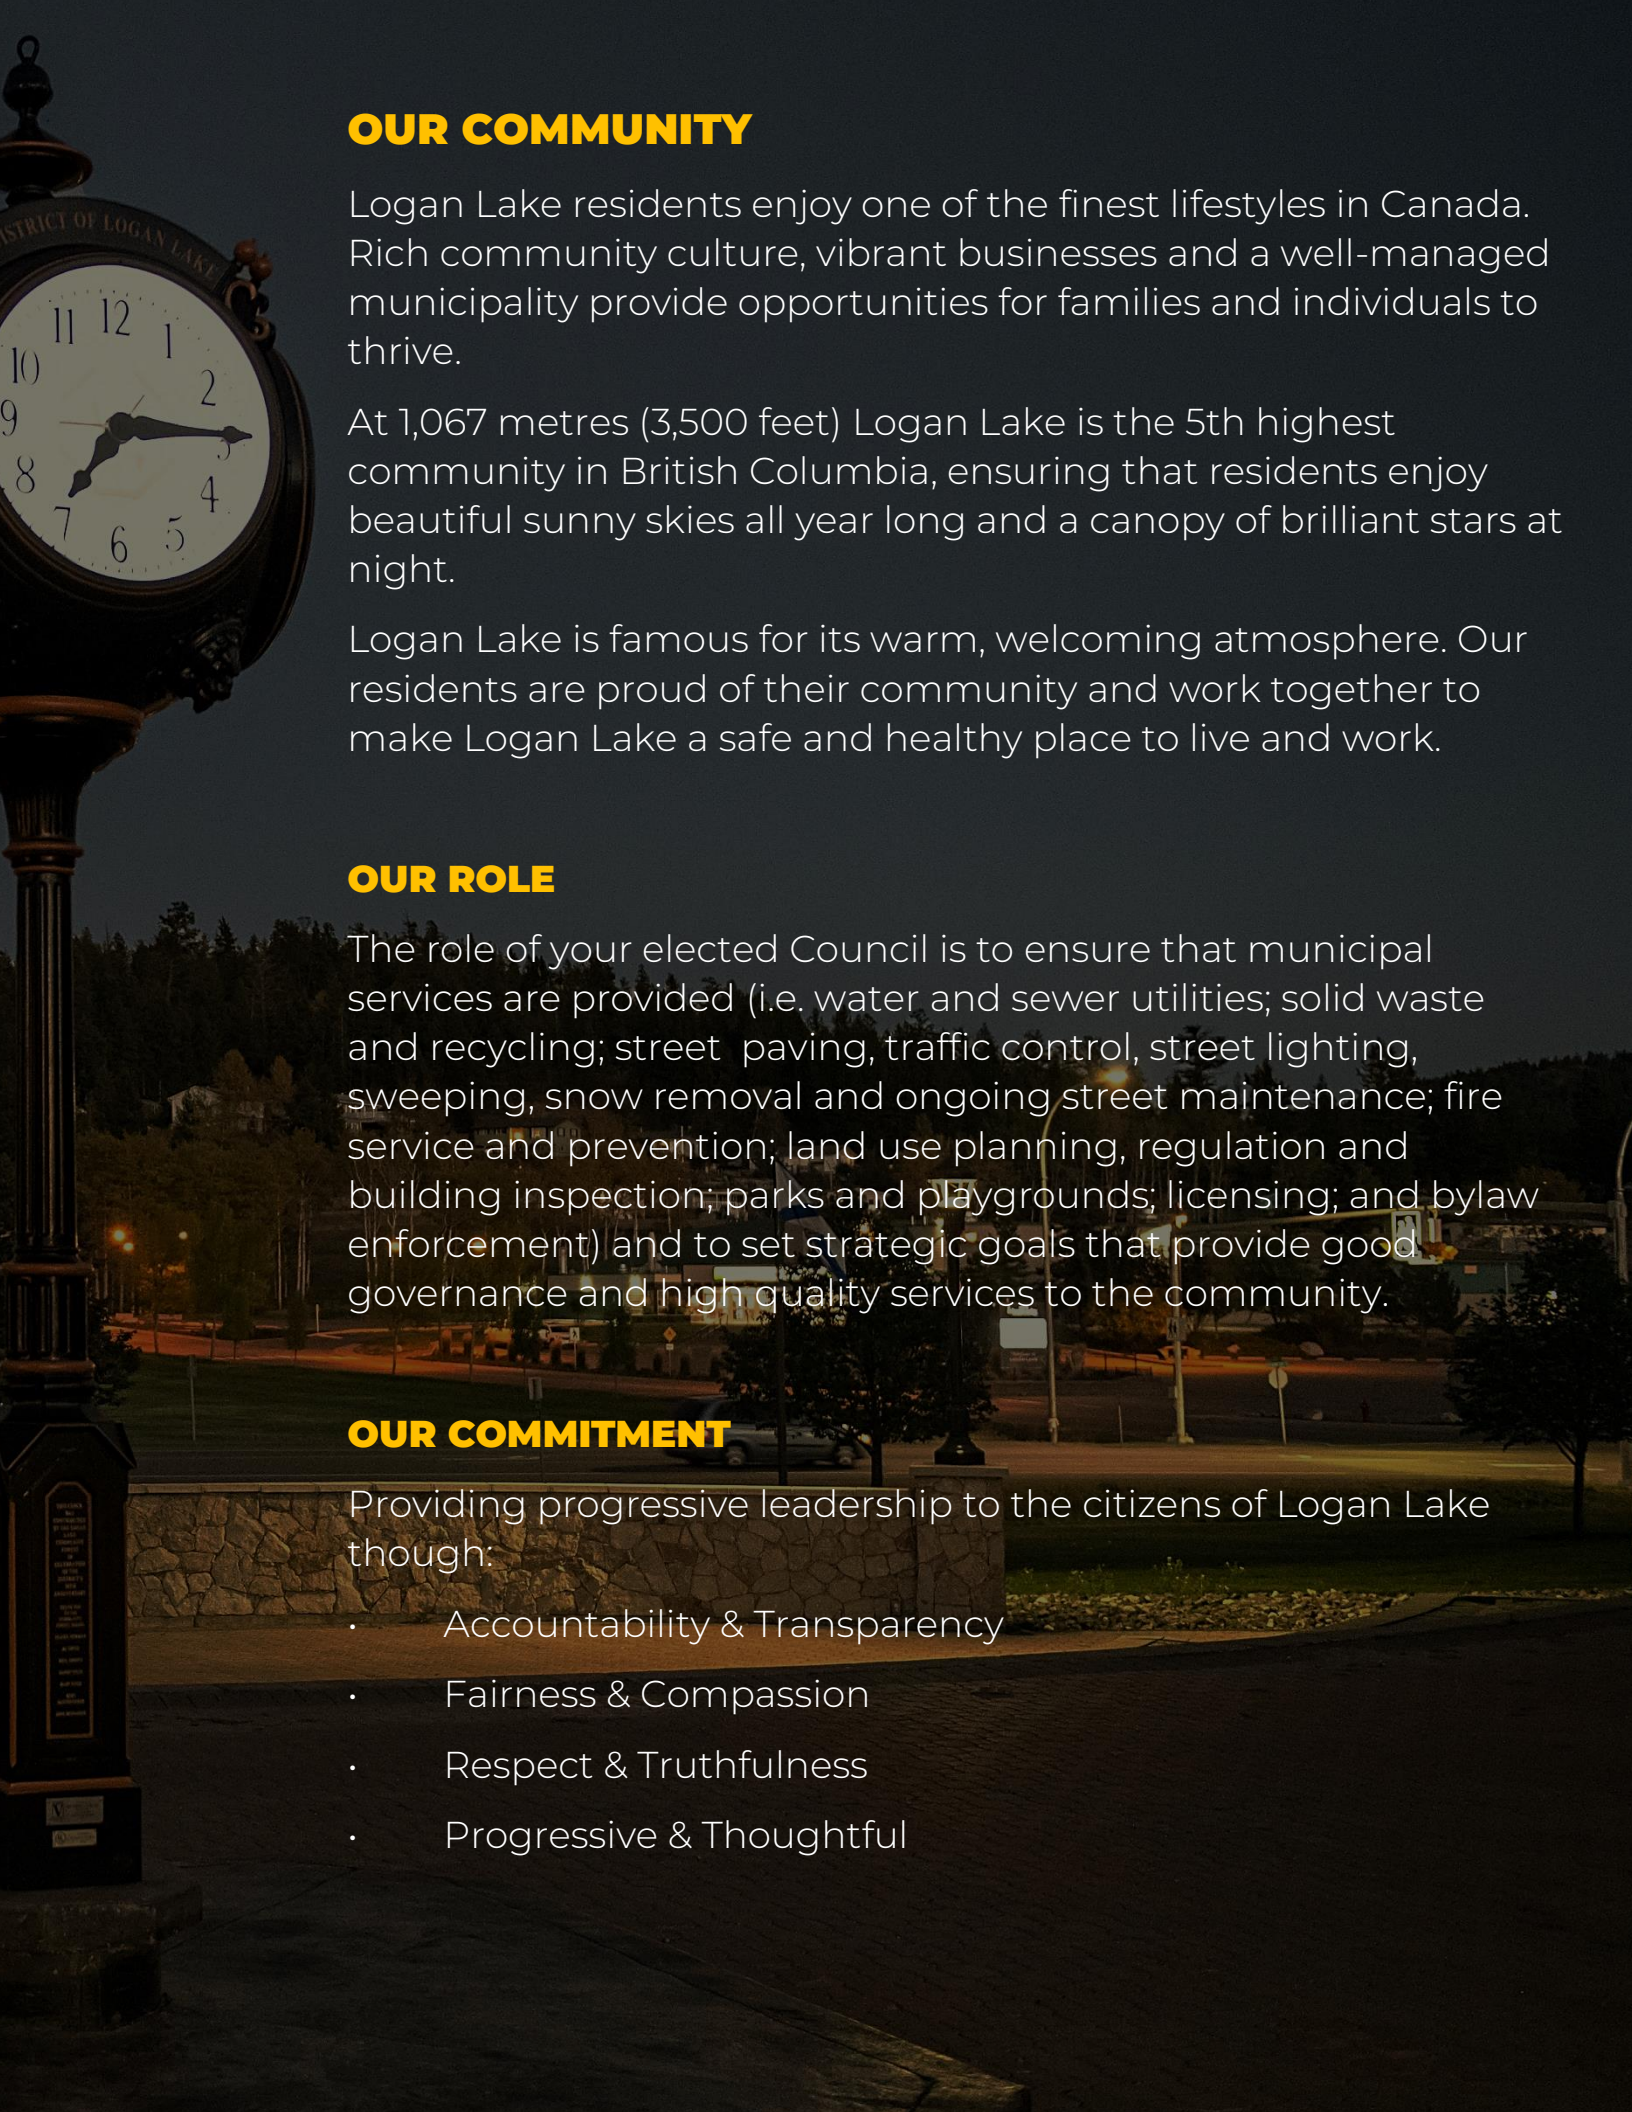

An aerial photograph of the Logan Lake District. The image shows a golf course with green fairways and sand traps, surrounded by a dense forest of evergreen and deciduous trees. Some trees have yellowed, indicating autumn. In the foreground, there is a parking area with several RVs and campers. A paved road curves through the middle of the scene. In the background, a large body of water (Logan Lake) is visible, surrounded by more forested hills under a blue sky with light clouds.

District of Logan Lake

OVERVIEW

OUR COMMUNITY

Logan Lake residents enjoy one of the finest lifestyles in Canada. Rich community culture, vibrant businesses and a well-managed municipality provide opportunities for families and individuals to thrive.

At 1,067 metres (3,500 feet) Logan Lake is the 5th highest community in British Columbia, ensuring that residents enjoy beautiful sunny skies all year long and a canopy of brilliant stars at night.

Logan Lake is famous for its warm, welcoming atmosphere. Our residents are proud of their community and work together to make Logan Lake a safe and healthy place to live and work.

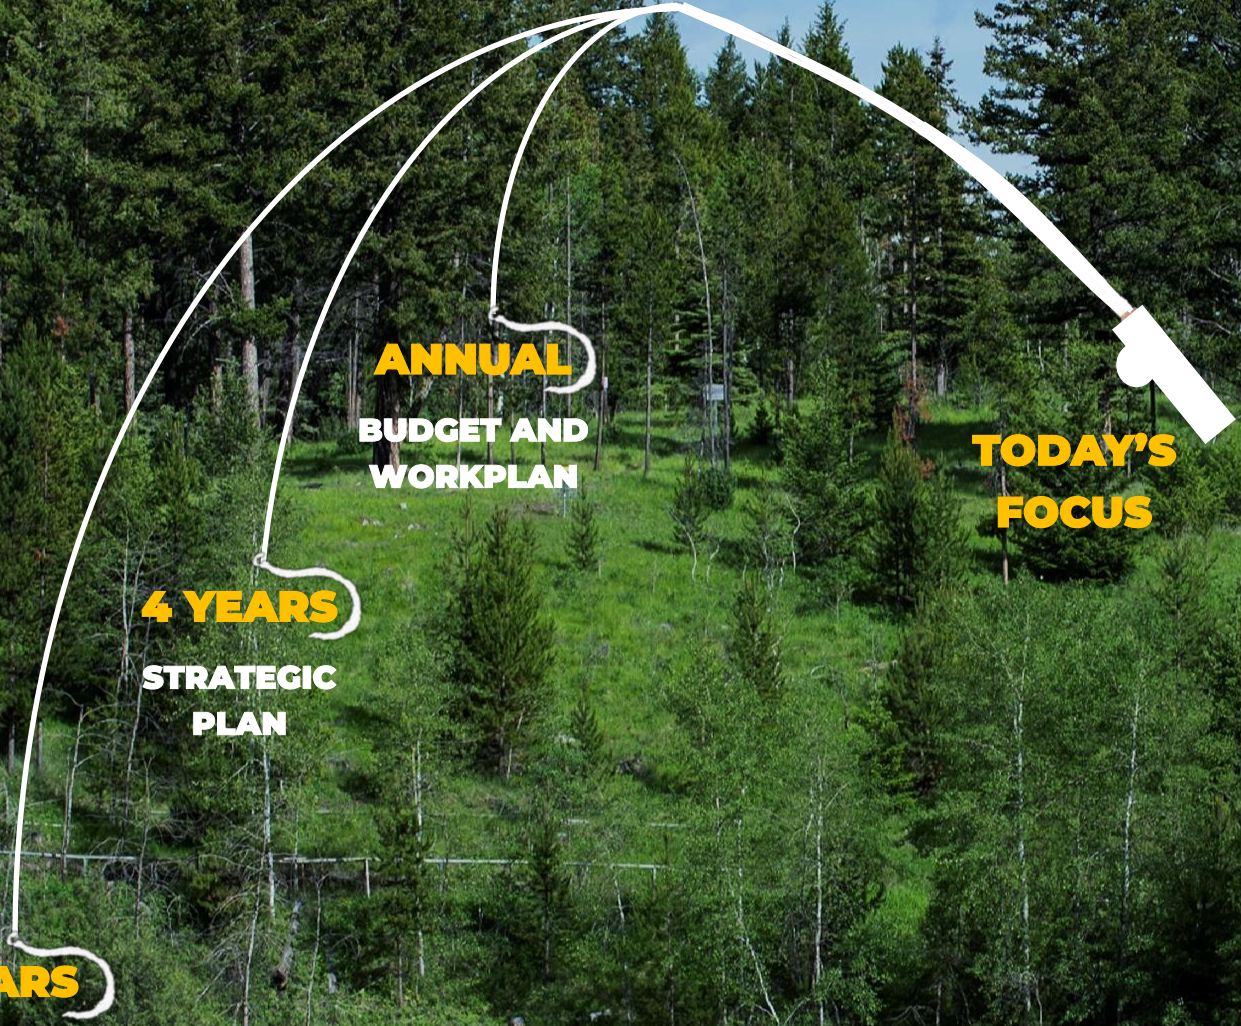

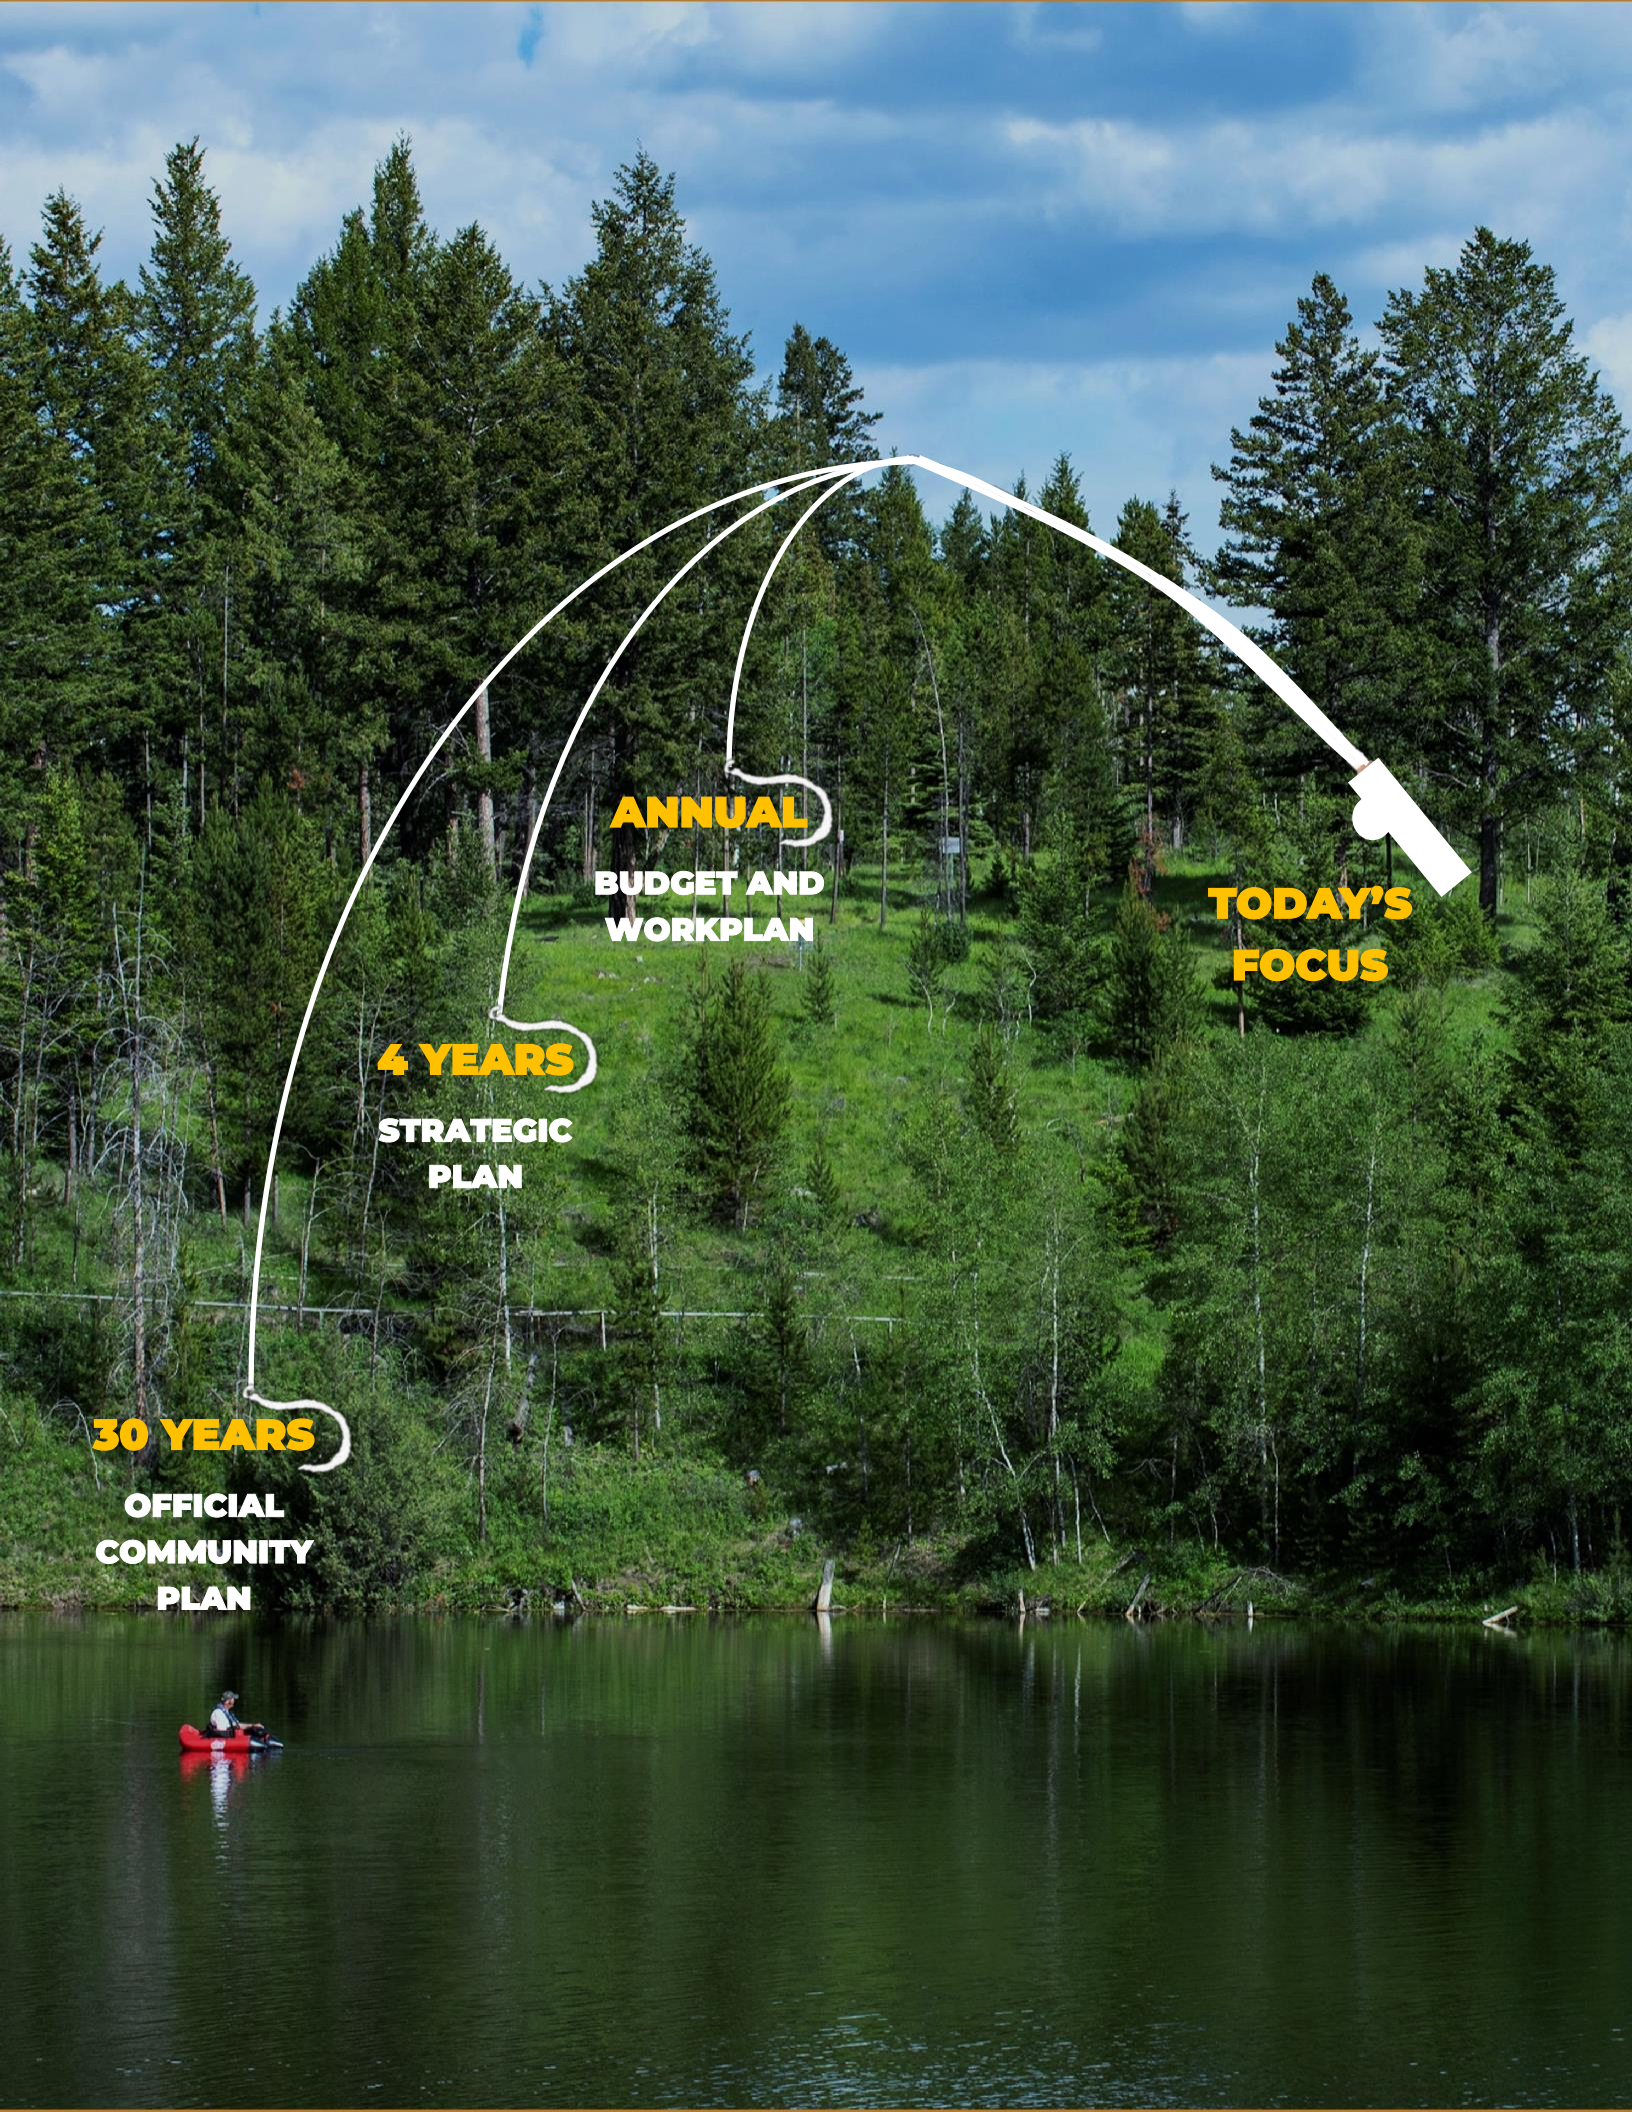

OUR ROLE

The role of your elected Council is to ensure that municipal services are provided (i.e. water and sewer utilities; solid waste and recycling; street paving, traffic control, street lighting, sweeping, snow removal and ongoing street maintenance; fire service and prevention; land use planning, regulation and building inspection; parks and playgrounds; licensing; and bylaw enforcement) and to set strategic goals that provide good governance and high quality services to the community.

OUR COMMITMENT

Providing progressive leadership to the citizens of Logan Lake through:

- Accountability & Transparency
- Fairness & Compassion
- Respect & Truthfulness
- Progressive & Thoughtful

TODAY'S
FOCUS

STRATEGIC PLANNING

CONTINUUM

The 2023-2026 Strategic Plan informs and focuses the decisions and policies of Council during their term of office. Although the strategic plan provides focus for the four-year term, it considers a long-term vision for the community and reflects the goals and policies of the District's Official Community Plan. The strategic plan is executed through annual budget allocations and departmental workplans.

This plan is a living document and Council will update the plan as necessary to address emerging issues or changing priorities. Quarterly reports to Council and the District's Annual Report will provide an opportunity for Council and staff to regularly review and communicate progress in achieving Council's goals.

MESSAGE

FROM THE MAYOR

The District of Logan Lake welcomes and invites you stay, play, and explore the outdoors! The Strategic Plan that follows is Council's vision for the next 4 years.

In Logan Lake we're well known for our extensive trail systems that connect you through the back country to some of the most pristine and beautiful parts of our Province. While you're exploring, you'll find some of the best freshwater fishing lakes in the country and mountainous terrain that goes for miles and accommodate hunters from all over the world. Whether you choose to hike, bike, or ride you'll encounter wildlife, landscaping, and views that we know will enrich your experience, leave you breathless, and keep you coming back for more!

Logan Lake is centrally located in the Southern Interior and just a short drive to major centres, including Kamloops and Merritt which are just 35 minutes away. Here in Logan Lake, we invite you to sit back and enjoy the peace and tranquility of small town living with the conveniences of the city close by.

We are also home to one of the largest open pit copper mines in the world. A smaller scale version of their equipment can be found right in the centre of our town as we celebrate our rich mining history and their commitment to returning the land to its natural state.

On a visit to our Municipal Campground there's something for everyone, whether you take some time to tee off at our challenging golf course, visit our quaint shops and restaurants, or join in on our many community festivities that we host each year, we encourage you to come, stay, play and indulge yourself as you Discover Our Nature.

Robin Smith, Mayor

"Building a
community
that is
Environmentally
Resilient, Socially
Vibrant and
Economically
Strong"
